

Fall Semester

Good Morning,

Hello! My name is Julia DeLuca, and I am the new K-12 Advocate and Education Specialist with RESTORE sexual assault services. This is a new position within the organization, so we are very excited about all the new opportunities this brings to connect with the K-12 school systems.

A little about me: **[some personal bio information as introduction]**. My studies and previous work have focused on Title IX, diversity and equity, and advocacy.

RESTORE shares these same passions. We offer a wide array of services and support, including:

- Educational programming about consent, healthy and unhealthy relationships, and sexual assault;
- Support, and resources for students and their friends or loved ones in crisis;
- Advocacy for students engaged in Title IX cases;
- Policy review and consultations related to district sexual misconduct policy and investigations.

Thank you for your time today! I know the beginning of the school year is a very busy time, but if you would like to discuss programming options or just talk about what RESTORE can do for your district, feel free to send me an email at julia.deluca@ppcwny.org or call at (585)-302-4161, or forward this email to a staff member you think may be interested.

I look forward to working with you!

Best,

Julia DeLuca
